Abstract

This subset represents the area of land under designation N1 and identifies that the air space above a specified height that must remain free from obstacles within the designated area. NOTE: This is classed as a designation but is shown as its own layer. International specifications defining surfaces above which there must be no obstacle have been adopted by the Civil

Aviation Authority of New Zealand. This information has been prepared for Waikato District Council. All distances are clearly indicated and comply with the Civil Aviation Authority.

Purpose

The safe operation of aircraft using the Hamilton Airport requires that there be obstacle-free air space around the airport. These surfaces are known as Obstacle Limitation Surfaces and are defined in terms of distances from the runways and heights relative to the runways. Relates to the implementation of the District Plan under the Resource Management Act (1991), and may be subject to various limitations and conditions. These features are a spatial representation of the policies and objectives of the Waikato District Plan and indicate where policies, overlays and District Plan rules apply.
