Abstract

Gullies where protection and enhancement of their ecological values is promoted and maintenance of hydrological patterns Developed during Tamahere Structure Plan. Pre- identification of Significant Natural Areas. SNA generally cover the same ground. SNA could take place of these.

Purpose

To identify gullies in Tamahere Structure Plan where particular characteristics are recognised and protected from use and development. Particular subdivision and land use rules apply to Country living zone land with this overlay. Also geotechnical constraints with building near gully edge Relates to the implementation of the District Plan under the Resource Management Act (1991), and may be subject to various limitations and conditions. These features are a spatial representation of the policies and objectives of the Waikato District Plan and indicate where policies, overlays and District Plan rules apply.
