Abstract

These ridgelines are identified as a significant part of landscapes and the policy objectives are to preserve the natural amenity. Derived from the first generation plan and developed by Council Planners through use of Topographic maps.

Purpose

To protect sensitive ridgelines from inappropriate land use and development via particular land use rules. Relates to the implementation of the District Plan under the Resource Management Act (1991), and may be subject to various limitations and conditions. These features are a spatial representation of the policies and objectives of the Waikato District Plan and indicate where policies, overlays and District Plan rules apply.
