Abstract

This layer identifies important geological sites and landforms listed in the New Zealand Geopreservation Inventory (see resource listed below) geological outstanding natural features which sit in Schedule 5B of Part 5 of the Franklin Plan. Sourced from NZ Geopreservation Society publication.

Purpose

For the protection of high value geological features. These features are also recognised in the plan for their geological values. Plan rules exist to avoid modification of these features. Relates to the implementation of the District Plan under the Resource Management Act (1991), and may be subject to various limitations and conditions. These features are a spatial representation of the policies and objectives of the Waikato District Plan and indicate where policies, overlays and District Plan rules apply.
