Abstract

Identifies high value ecological areas such as large indigenous forests and wetlands within the Franklin Section. Sourced from former New Zealand Wildlife Service.

Purpose

For the protection of high value ecological areas and are ranked in order of significance. These features are also recognised in the plan for their landscape values. Plan rules exist to avoid modification of these features. Relates to the implementation of the District Plan under the Resource Management Act (1991), and may be subject to various limitations and conditions. These features are a spatial representation of the policies and objectives of the Waikato District Plan and indicate where policies, overlays and District Plan rules apply.
